Through Consciousness Based-Atma Based
System of Ideal Education,
Life everywhere will be ideal.

No one will make mistakes,
no one will violate the Laws of Nature,
and no one will suffer or fall sick.

Life will be long and happy,
and the individual and society
will rise to immortality.

Fear and punishment in the administration
of society will be forgotten; in
gentleness and love, the life of mankind
will be restored to wholeness.

Spontaneously living in alliance with the
invincible power of Natural Law,
every nation will enjoy victory before war.

Each step of progress of the individual
and the nation will be guided by the
unseen hands of nature's perfect intelligence
and infinite organizing power.

Abundance and affluence will belong to all.

Vedic Civilisation will return and,
mankind will enjoy Heaven on Earth for all time to come.

—Maharishi

VISION

*To establish global harmony and peace,
offer enlightenment to every citizen and
invincibility to every nation through
perfection in education.*

MISSION

*To realize the cosmic nature of life and
enliven the global collective consciousness
through life supporting Vedic Principles and
technique of TM and TM Siddhi for
achieving invincibility, prosperity, perfection
in education and fulfillment for mankind.*

Introduction

Maharishi Vidya Mandir® Schools Group is being managed by Maharishi Shiksha Sansthan®, a national level society registered under the society registration act XXI of 1860. This society has been managing 152 schools in 14 States across the country. Out of these 94 are CBSE affiliated as given below:

Maharishi Vidya Mandir School	(MVMs)	-	91
Maharishi Centre of Educational Excellence, Bhopal	(MCEE)	-	01
Maharishi School of Excellence, Chennai	(MSE)	-	01
Maharishi Centre of Excellence, Bangalore	(MCE)	-	01

Other schools are affiliated to State Boards as per their location in respective States. Few of them are likely to be affiliated with CBSE, Delhi in coming years.

The National Camp Office of the Maharishi Vidya Mandir® Schools Group is located at Bhopal. These schools are further subdivided into seven coordinating zones, which are as under:

- ▶ Guwahati Region
- ▶ Prayagraj Region
- ▶ Bhopal Region
- ▶ Jabalpur Region
- ▶ Kurukshetra Region
- ▶ Haridwar Region
- ▶ Hyderabad Region

Maharishi Vidya Mandir® Schools impart a unique blend of Modern Education and Vedic Education. His Holiness Maharishi Mahesh Yogi Ji has provided a system of education as “Maharishi Consciousness Based Education” (MCBE). The pivotal point of it is Transcendental Meditation.

Transcendental Meditation®

Transcendental Meditation® (TM) as formulated by His Holiness Maharishi Mahesh Yogi was introduced to open the gate to enlightenment for millions of people, is a Scientifically Proven, Simple, Natural and Effortless technique to give deep rest to the mind and body, relieving from stress and tensions and develops full creative potential of an individual.

TM is quite different from what is usually associated with the word “meditation”, TM does not involve any concentration, contemplation, effort, force or control. Anyone, regardless of his/her background, can easily learn TM. TM has nothing to do with religion, belief, faith, lifestyle or diet. TM has unprecedented benefits in all areas of life including Health, Education, Development of Mental Potential, Behaviour & Relationships and even to World Peace.

Scientific research findings include large number of benefits for students:

- ▶ Increases orderliness of brain functioning.
- ▶ Increases learning ability.
- ▶ Increases Intelligence (IQ).
- ▶ Improves problem solving ability.
- ▶ Reduces stress and anxiety.
- ▶ Decreases behavioural problems.
- ▶ Decreases alcohol and drug use.
- ▶ Increases tolerance.
- ▶ Improves academic achievements.
- ▶ Increases creativity.
- ▶ Improves memory.
- ▶ Higher level of moral reasoning.
- ▶ Decreases depression.
- ▶ Decreases absenteeism.
- ▶ Increases self-esteem.
- ▶ Increases appreciation of others.

Consciousness Based Education:

Consciousness is the prime mover of life. Maharishi Vidya Mandir® Schools are offering complete theoretical knowledge and practical technologies of consciousness, which open the gate of all possibilities in the life of the students. Through the technologies of Maharishi Vedic Science®, the schools offer mastery in the field of consciousness, enabling the student to accomplish anything and live a complete life.

This most vital element of life, the study of consciousness has unfortunately been out of the mainstream of education. That is why the tree of life on earth has separated from its roots and lost the source of its vitality. It has lost its nourishment and become fruitless. The bliss quality of consciousness became dormant; suffering dominated human awareness; and problems prevailed in the world.

The time has now come in this scientific age for everyone to gain complete knowledge of his own consciousness, and to live life in its full potential of bliss, freedom, and fulfilment. Maharishi Vidya Mandir® Schools offer this to everyone through courses in the science and technology of consciousness, as part of Maharishi's Vedic Science and Technology.

Everyone knows that education available in the existing schools, colleges and universities today is 'job-oriented education', which does not develop higher states of consciousness and does not help students to live the full potential of life. Present education is not life oriented; it is not 'enlightenment oriented'. It does not educate the students to spontaneously think and act according to the laws of nature. Therefore, the whole population is suffering, tension and conflicts, crime and terrorism prevail in every country and human life everywhere is shrouded with problems.

Maharishi Vidya Mandir® Schools are for those students, who would like to develop their full creative potential, gain the support of natural law, be the guiding light of their nation, and lead the world to lasting peace and happiness.

The highest educational goal of every nation is to create ideal citizens, individuals capable of fulfilling their own goals while upholding the interests of others and the progress of the whole society. For this goal to become a living reality, education must actualize the full potential of the most precious resource of the country, the human brain of every citizen.

Education should be defined as the process of culturing the individual to display perfection in life. Education should enable any individual to spontaneously utilise the total Creative Intelligence of Natural Law. All his/her thought, speech, and action will be spontaneously upheld by the silent power of peace that permeates all activities in the universe.

The potential of every human brain is unbounded, infinite. Everyone is equipped with the physical machinery in his brain physiology to experience that level of intelligence, which is the ocean of all knowledge, the ocean of all energy, intelligence, and bliss.

Fragmented, intellect predominant education in schools today does not utilize the total creative potential of the brain. Utilizing only a small part of the brain, such education over time disables other parts of the brain from functioning.

Unbounded is the potential of individual life; unbounded is the field of intelligence of every individual every individual should be able to know anything, do anything spontaneously right, and accomplish anything through the support of Natural Law. Creating such a perfect individual is the purpose of Maharishi Vidya Mandir® Schools.

The reality is that 'Life is Bliss', 'Life is the Field of All Possibilities' the Self of everyone is the eternally self-referral state of consciousness, and in this state of eternal silence is the lively field of all possibilities.

Maharishi Vidya Mandir® Schools are designed to demonstrate perfection in education. Maharishi Schools offer all knowledge in every brain unlike other educational institutions, which are established to offer limited field of knowledge in their campuses.

Every Teacher at Maharishi Schools knows the whole field of knowledge through his own discipline. This is true because the latest discoveries in the fields of Science, Arts, and Commerce have located the source of each discipline Physics, Chemistry, Mathematics, etc. on the common ground of Total Knowledge, the knowledge of the Unified Field of all the Laws of Nature.

Researches clearly indicate that education today is not realizing this immense potential, with the exception of universities and schools that are directly developing the consciousness of the students through the approach of Consciousness-Based, Atma-Based Education.

Through Maharishi's system of Education, Maharishi Vidya Mandir® Schools will take away the inadequacies of education by offering Total Knowledge to unfold the total brain potential of everyone so that man may use the full creative potential with which he is really born to live perfection in life, heavenly life.

Transcendental Meditation® is at the basis of Consciousness-Based Education®. This approach adds study and research in consciousness to the traditional study of the academic disciplines, and includes the twice-daily practice of Transcendental Meditation® and TM-Siddhi Programme®, including Yogic Flying®, to directly develop full use of the brain's potential in higher states of consciousness.

Considering institutions as a whole, students at universities and schools using Consciousness-Based Education® are found to be distinctly more committed academically,

more alert, healthier and balanced, more self-actualized, more satisfied with their education, more harmonious in their relationships, and more mature in moral judgment, compared to students at other educational institutions.

Amidst worldwide dissatisfaction with education today, Consciousness-Based Education® has been proved by research and educational outcomes to be singularly effective in producing students who are steadily growing in the most cherished qualities of human life and the full expression of their creative powers.

Experience of Consciousness for Full Development of Brain:

For more than 45 years Maharishi has been bringing to light the detailed knowledge of the highest states of human development, and the Technologies of Consciousness, including his Transcendental Meditation® and TM-Siddhi Programme®, for systematically attaining these states.

The benefits of these Technologies of Consciousness for mind, body, behaviour, and society have been documented by about 700 scientific research studies, conducted at more than 215 universities and research institutes in 35 countries.

Maharishi has formulated a complete science of consciousness in his Vedic Science

Over 600 Scientific Research studies validate the benefits of Maharishi's Transcendental Meditation® and TM-Sidhi Programme® for all aspects of individual life and society. *Collected Papers, Volumes 1-6, over 5000 pages.*

from the knowledge contained in the ancient Vedic Literature. This science describes the seven states of human consciousness, and gives the theoretical and practical knowledge for unfolding the full value of human consciousness. Maharishi's Vedic Science includes descriptions of the quality of physiology, perception, and behaviour of individuals living higher states of consciousness.

For example, such individuals display the highest level of creativity, intelligence, and organizing power. Their speech and actions are spontaneously most nourishing and evolutionary for others and for the environment. On the platform of inner fulfilment and enlightenment, their desires are always for the good of all humanity, and are achieved most effortlessly. They radiate an influence of vitality and harmony to the whole society, and are a source of joy and wisdom to all who know them.

Maharishi's Vedic Science describes in detail the quality of human awareness that spontaneously gives rise to such behaviour. In higher states of consciousness, when the full potential of the brain is being utilised, the fundamental field of Nature's intelligence Transcendental Consciousness, the Unified Field of Natural Law is fully enlivened in the individual's consciousness.

Maharishi's Vedic Science describes this field as containing all the Laws of Nature in their most concentrated, abstract form, just as a seed contains the whole tree. The fundamental dynamics of this field are the Veda and Vedic Literature, whose reverberations give rise to all the Laws of Nature governing the orderly evolution of the universe.

This knowledge of human consciousness and how to awaken its unlimited potential has changed the concept of education from 'all knowledge on one campus' to 'all knowledge in every brain'.

Increased Use of Hidden Brain Reserves Through TM TOP VIEW OF HEAD

During TM programme, early (sensory) components of the brain's response to somatosensory stimuli are more widely distributed across the cortex, indicating greater participation of the whole brain in the response to stimuli.

Consciousness based Education® to fulfil the Goals of Education:

Extensive research and decades of experience with Consciousness Based Education® have demonstrated that this approach, which adds study and research in consciousness to the existing curriculum in any country, eliminates the weaknesses of current education. Research verifies that students at Consciousness Based schools and colleges improve significantly in mental capacity, academic achievement, health, and social behaviour, compared to students in other institutions. At the elementary and secondary levels, year after year classes of students at Consciousness-Based schools, who enter at an average level of performance, score among the highest in their nations and national standardised examinations by the time

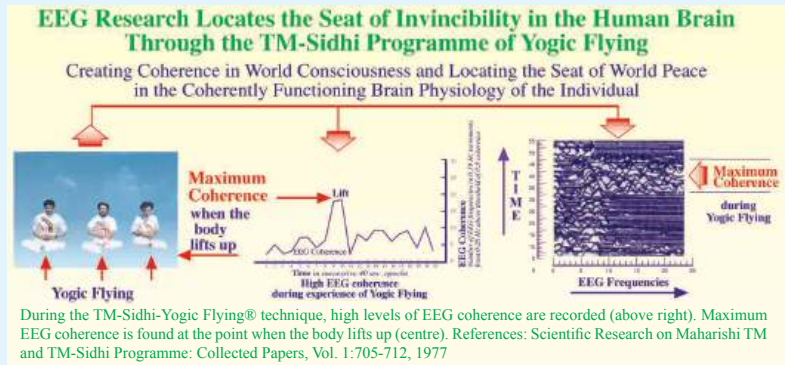

they graduate. They also distinguish themselves by winning top state and national prizes in an unusually wide range of subject, including science, mathematics, speech, history, poetry, drama, art, music, and sports.

These scientific findings and educational outcomes give an additional support to the research outlined in this document indicating that Consciousness Based Education® develops greater use of the brain's potential.

Experience and research also show that when any university or school adds to its curriculum a Consciousness Based course for all the students, the same desirable changes in academic performance and behaviour take place. Students grow in enthusiasm for knowledge, in alertness and creativity, and in exemplary citizenship the ability to achieve their goals while promoting the interests of others. Increasingly they enjoy the 'fruit of all knowledge' a problem free, happy, healthy life, spontaneously in harmony with Natural Law.

Furthermore, when large groups of students together practice the Transcendental Meditation® and TM-Siddhi Programme®, including Yogic Flying®, an influence of coherence and harmony is generated in the whole society in the city, state, or nation as a whole, depending upon the size of the group. This effect is documented by nearly 50 studies showing reduced negative trends and improved quality of life in society. This influence of coherence in society, known as the Maharishi Effect®, is the expression of increased brain wave coherence during the practice of Yogic Flying®. In this way, the growth of harmony in society is fundamentally connected with development of full brain potential.

Goal of Maharishi Vidya Mandir® Schools:

The goal of Maharishi Schools is to create ideal citizens, who would fulfil their own interests and the interests of the society simultaneously. To achieve this goal the Maharishi Consciousness Based System of Education adds to the rigorous study of standard elementary & secondary subjects, the Maharishi Technology of the Unified Field, which includes the practice of Transcendental Meditation® (TM) technique and Siddhi Programme, blossoms creativity of the students and develops the most cherished qualities of life. Thus, students at Maharishi Vidya Mandir® Schools receive a complete education, unfolding their creative potential while gaining knowledge of the traditional academic areas of study. All children deserve such education that prepares them to grow their capability of living a life free from problems and mistakes, enjoying happiness and success in every field of life.

Academic Staff:

A well qualified, trained, experienced and motivated teaching staff is the key to quality education. The ability of our teaching staff enables every child to acquire academic skills and develop an

analytical approach to problem solving. We keep less number of students in each class to ensure individual attention and close supervision.

The relationship between teachers and students does not end with the class. Besides, through regular parents and teachers meetings, the teachers keep in touch with the parents and create a better understanding among all. It gives a new depth to the teacher-student-parent relationship.

Students' Curriculum:

Consciousness Based–Atma Based System of Ideal Education at Maharishi Vidya Mandir® School integrates the theory and practice of Maharishi Technology of the Unified Field-the self-referral field of consciousness to achieve outstanding results. This system of education has already been tested, perfected and validated throughout the world. The following subjects are introduced at every level in schools:

• Maharishi Vedic Science® & Yoga • Social Studies • Science • Mathematics • Computer Science • Physical Education • Language • Arts • Music, Dance & Painting.

Faculty and Students practice Transcendental Meditation® for a few minutes twice a day, before and after the class, thereby refreshing themselves before entering the class and returning home fresh. T. M & Siddhi are mandatory for all the students, faculties and staff.

Large numbers of our schools are already affiliated to the Central Board of Secondary Education (CBSE) Delhi. All schools are following conventional curriculum of Hindi/Regional Language/English medium public schools. In addition to this, provision has been made for learning Sanskrit as a compulsory subject. Students are also being given knowledge of Maharishi Vedic Science®, Indian traditions and culture.

Computer Science:

To cope up with the advancement in the field of Information Technology, Computer Science is also introduced from III standard to higher classes. To reinforce the spirit of learning and prepare students for global careers, every branch has two fully equipped computer labs (junior and senior). The computers have various operating systems and software such as MS Office, MS-DOS, UNIX, latest Windows operating system,

LOTUS 123, DBase, Fox-Pro, LOGO, Adobe, HTML, Advance HTML, Photoshop and Networking. Other computer languages like C++, Visual Basic, Java net beans, My SQL are also introduced in the curriculum. MVM also provides internet access, which gives an opportunity to the students for surfing through the latest and current updates.

Campus:

Sustainable Architecture: The focus on a green and energy-efficient campus is an important step in creating campuses in accordance with Natural Law. The school buildings are designed according to Maharishi Sthapatya Veda® (Vastu Vidya), the most ancient and supreme system of country, town, village and home planning, design and construction in accordance with Natural Law—connecting individual life with cosmic life, individual intelligence with cosmic intelligence, and creating most ideal living, studying and working conditions on earth.

The orientation (north, south, east, west) of residential and study buildings contribute a great deal to success, health, happiness and fortune at the individual level. A considerable amount of ill health, misfortune and sufferings can be eliminated by studying, living and working in properly oriented schools, homes and offices. Our schools are designed very carefully by the most experienced Sthapatya Ved experts.

Pollution Free Campus: One of the most remarkable features about Maharishi Vidya Mandir® schools is that most of campuses are located in a peaceful atmosphere away from pollution. Every campus of MVM schools is planned to be pollution free. In order to support healthy lifestyle, smoking and use of alcohol and tobacco products are totally banned in every campus of Maharishi Vidya Mandir® with additional support of lot of greenery.

Sport Activities:

Physical education promotes fitness, co-operation, sportsmanship and school spirit. Maharishi Vidya Mandir® Schools generally have large play fields where many popular sports like cricket, volleyball, hockey, foot-ball and tennis are played under the guidance and supervision of qualified physical education teachers.

Apart from these, indoor games like carom, table tennis and chess are also pursued with equal fervour.

Besides, the real experience of Transcendental Consciousness (*Yogic Chetna*) Yogasan and Pranayam is also taught in the schools by which students learn how to deal with stress, lack of concentration and empower themselves to become strong in maintaining mind-body-soul coordination.

Awards:

In order to encourage young talents to acquire new skills and experience, the schools prepare and inspire students time to time to participate in different inhouse and other district, state, national and international competitions in the field of sports, academics and other areas. By

now, thousands of awards are to the credit of Maharishi Vidya Mandir School students almost in every possible field.

MVMs Care for Mental and Physical Health of Students:

MVMs provide State-of-the-art facilities for speedy and all-round development of students, which include a well-stocked senior and junior library with an array of periodicals, journals and manuals. The Physics, Chemistry, Biology, Mathematics and Composite Science laboratories are spacious and well equipped. Qualified doctors conduct students' medical check-up as and when necessary.

Maharishi's Global Educational Organisations:

Over the past fifty-five years, Maharishi Ji has established a worldwide movement in over 100 countries offering the knowledge and practical programmes of Maharishi Vedic Science® in all areas of life. Maharishi Ji has founded thousands of organizations and institutions to spread the light of Vedic wisdom throughout the world. These organisations and institutions

include: Maharishi Vedic Universities, Maharishi Ayurveda® Universities, Maharishi Universities of Management and Technology, Vedic Vidyapeeth, Schools, Colleges and Institutes, Maharishi Vedic Approach to Health Care Centers and Transcendental Meditation®Centers.

Maharishi Institute of Management (MIM)

MIM-India has been established in 1993. MIM has three campuses at Bengaluru, Bhopal and Indore. All campuses offer various Post Graduate, Graduate and Diploma courses in Management, Computer Science, Education, Commerce and Humanities.

Maharishi Centre for Educational Excellence Bhopal

MCEE-Bhopal is an institution with facility of kindergarten to Post Graduate level education in one campus. The school wing of MCEE is affiliated to Central Board of Secondary Education, New Delhi up to senior secondary level.

MCEE is established in a 48-acre area, built according to the principles of Maharishi Sthapatya Ved® - Vastu Vidya, fully air-conditioned, with beautiful fountains, lush green garden, spacious playgrounds, gymnastic room, medical facilities in a serene atmosphere.

Maharishi Vidya Mandir® Schools

Maharishi Vidya Mandir® Schools (MVM) have been established to introduce Maharishi Consciousness based Education® System in mainstream of school education in India. 152 branches in 14 states with about 100,000 students and about 6,500 teaching and support staff have proven its importance in Indian society for last 35 years. Keeping in view the local requirement, schools are functional

from Nursery to 12th standard. 94 branches are affiliated to CBSE, New Delhi and rest are affiliated to respective state school education boards. Every year few schools are converted to CBSE schools.

Maharishi Kids Home

Maharishi Kids Home facilitators impart education to kids in the most congenial atmosphere. Teachers play, sing, and dance with the kids to make learning enjoyable. The first objective of Maharishi Kids Home is to enrich kids with the glorious Indian eternal Vedic values and traditions for their overall development with the modern techniques & scientific knowledge in the field of education; therefore the curriculum designed by Maharishi Kids Home meets the highest standard pondered over carefully to abridge these values.

Maharishi Mahesh Yogi Vedic Vishwavidyalaya

Maharishi Mahesh Yogi Vedic Vishwavidyalaya (MMYVV), a State University enacted by Act 37 of 1995 of Madhya Pradesh Government is listed under Section 2(f) of UGC Act, 1956 and is a member of Association of Indian Universities. The University offers Doctorate, Post Graduate, Graduate and Diploma programmes in Maharishi Vedic Science®, Maharishi Jyotish, Maharishi Sthapatya Ved®-Vastu Vidya, Maharishi Gandharva Ved, Yog, Darshan, Maharishi Vedic Swasthya Vidhan and Sanskrit language. The university also offers conventional courses in Science, Arts, Management, Computer Science, Humanities and Languages in the light of Maharishi Vedic Science® and Technology. MMYVV also runs many DEC approved courses under Distance Education mode.

Maharishi Ved Vigyan Vishwa Vidyapeetham

Maharishi Ved Vigyan Vishwa Vidyapeetham is the only institution of its kind in the world founded by Maharishi Ji. Vidyapeetham established in 1982 has trained over 50,000

Vedic Scholars-Vedic Pundits-Vedic Peace Keepers in theories and practical aspects of Veda and Vedic Literature. These Pundits are highly trained experts in practice of yoga, Transcendental Meditation®, performance of *Yagyas, Anushthans, Grah Shanti* and *Vastu Shanti* besides many specialized areas of *Karmakand*. Most of these Pundits are also *Ved Samhita Pathi* of one of the four Vedas. Pundits are given extensive training and years of practicing time before they really take up an *anushtan-yayga* with a *Sankalpa for yajman*; an individual or a nation or for world family. At present about 6000 pundits are in Vidyapeeth at 30 residential locations.

Maharishi Mahavidyalaya

MSS has established six branches of Maharishi Mahavidyalaya. These colleges are situated in Shajapur, Panna, Indore, Berasia, Chhindwara, and Narsingpur. Presently B.Ed., D.El.Ed., Graduate and Post Graduate courses are being offered and addition of new courses is in process.

Admission Procedure:

Initially admission is given in classes Bal Vatika-I, Bal Vatika-II, Bal Vatika-III, Class-I, on the basis of verbal/written test and/or interview and in other classes i.e. VI, IX and XI, it is on the merit. Minimum age of students for admission in Bal Vatika-I is 3 years on 31 March of the year of admission.

Mode of Payment of Fee:

Registration fee is to be paid at the time of registration along with application for admission. Admission fee, caution money and annual charges are to be paid at the time of admission in full. Tuition fee is to be paid every quarter on 1st April, 1st July, 1st October, 1st January. On request, Principal may permit monthly payment of fees under exceptional circumstances. In case of delay in payment beyond the tenth of the prescribed month, a fine of Rs. 5/- per day subject to a minimum of Rs. 50/- would be charged till the end of the month. Name of the defaulter may be struck off at the end of the month and full admission fee would be charged again for re-admission.

Fee Concessions and Scholarships:

- The school provides fee concessions and scholarships on merit cum means basis to deserving students. However school reserves the right to accept or reject fee concession at its discretion.
- Maharishi Vidya Mandir® employees and school staff are charged half caution money and half tuition fee. Employees are advised to read policy circulars issued time to time about concession of fee for employees.
- Students are allowed to avail only one concession at a time.

Maharishi Vidya Mandirs also follows the guidelines of RTE Act and provides the necessary benefits to the underprivileged class through admission under guidance of authorities of State.

Withdrawal:

- A student who withdraws from the school due to any reason whatsoever is required to pay the full fees as per following rules (fees means all types of fees including the tuition fee).
 - a) Full fee for the month during which application for withdrawal is made by the 10th of the month.
 - b) In case a request for withdrawal is made after 10th of a particular month, full fee for next month would also be payable.
- The annual charges, however, will be paid in full in both the above cases.
- Transfer certificate is not issued until all the dues of the school are cleared, including fees and other payments, fines etc.
- If the withdrawal takes place for any of the under mentioned reasons/charges, payment of fee in lieu of notice does not arise:
 - a) Act(s) of indiscipline;
 - b) Irregular attendance/too short attendance;
 - c) Unsatisfactory progress in work/studies.
 - d) Any other reason(s) which is/are raised due to violation of any rules of the school and law of the nation.

The school shall have the authority to order/request withdrawal in above cases.

Refunds:

- No fee, once deposited shall be refunded.
- Caution money is refundable on application from the parents on giving at least one month's notice.
- Refund will be made after 'No Dues Certificate' has been obtained from all departments.
- Caution money may not be refunded if the application is received after 12 months of leaving the school.
- Caution money will be adjusted against dues and breakages etc. payable.

School Transport:

- School bus facilities are available.
- Bus fee is applicable for the session only.
- One-month clear notice is required for discontinuing bus facility.

House System:

With the purpose of encouraging healthy competition, house system is introduced viz. Vashishtha, Narayana, Parashar and Vyas. Students are divided into said Houses. Each

house is looked after by a housemaster assisted by tutors and prefects for ensuring the academic, mental and physical growth of each child under their care.

Session:

The school session is from April to March every year.

School Uniform:

The following uniform is necessary for every student at Maharishi Vidya Mandir®.

Boys

MONDAY, TUESDAY, THURSDAY & FRIDAY

Summer: White shirt with school crest on pocket. Mustard shorts/trousers, white socks with mustard lining and black canvas shoes, canvas belt with school crest.

Winter: Light brown trousers in place of mustard shorts/trousers, mustard blazer with school crest on pocket or mustard pullover.

WEDNESDAY & SATURDAY

Summer: Kurta, White Dhoti/Pyjama with white canvas shoes and white socks with mustard lining.

Winter: As in summer, add mustard coloured Nehru Jacket.

Girls

MONDAY, TUESDAY, THURSDAY & FRIDAY

Summer: White blouse with mustard skirt tunic with school crest. Mustard colour Kurta/kameez with white salwar and white chunni for elder girls. Black canvas shoes and white socks with mustard lining.

Winter: As in summer with mustard pullover/blazer with school crest.

WEDNESDAY AND SATURDAY

Summer: White Kurta/Kameez and white salwar, white canvas shoes with white socks with mustard lining.

Winter: As in summer and mustard colour sleeveless jacket or long coat.
